

Costume Design - Male

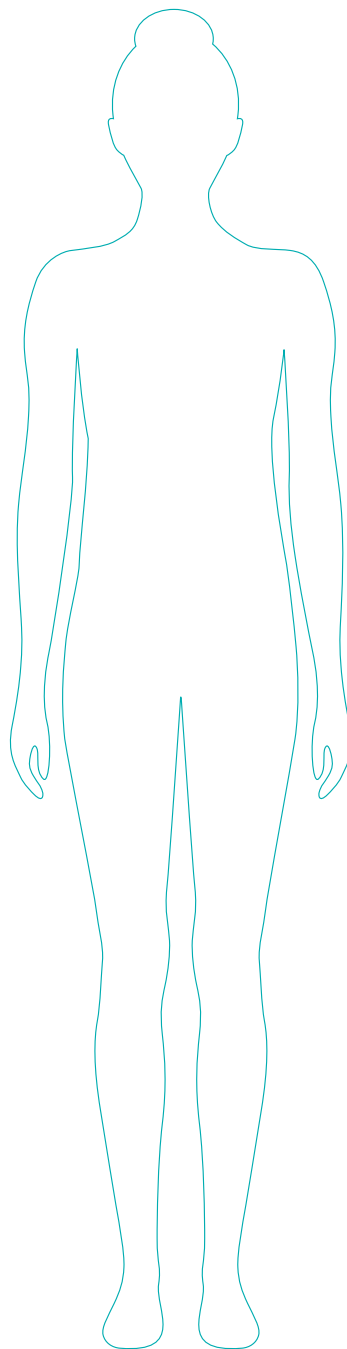

Design your character's costume, thinking carefully about what they wear, if they carry anything around with them and how the costume reflects their personality.

Costume Design - Female

Design your character's costume, thinking carefully about what they wear, if they carry anything around with them and how the costume reflects their personality.

Costume Design

If your character's outline does not fit the two provided, design their costume here.

- Do they carry anything with them?
- Do they need to be able to move freely?
- Is their whole body covered with clothing, or just parts of it?
- What do they wear on their feet?
- How does the costume reflect their personality?
